

# Membership Application Form

The Partners in Innovation, Education and Research Consortium® (“PIER”) is a regional network of healthcare organizations created to conduct cutting-edge clinical trials and foster innovation in clinical research. The focus of the network is to streamline the clinical research process, speed up clinical trials and facilitate the sharing of innovative ideas across the Consortium. Founding Members include the Atlantic Health System, Einstein Medical Center, Drexel University, Main Line Health, and Thomas Jefferson University.

## MEMBERSHIP INFORMATION

PIER invites all qualified institutions committed to clinical research to consider joining our growing network of like-minded researchers, clinical research staff and administrators in impacting the future of healthcare and offers several options for participation:
